PART-3

CLASS-4 - ENGLISH

ACTIVITY

Q1) Read the paragraph and write in a beautiful cursive hand writing:-

King Bruce lay down sad and weary on the floor of the cave. His army had just been defeated in the battle. Just then he saw a spider hanging by its thread from the roof of the cave. It was trying to climb up the thread it had spun. It went up little by little but slipped and came down to the end of the thread. Again it started to climb and again it fell. After trying for the sixth time and failing again, Bruce thought the spider would certainly give up. But the spider did no such thing. It started up again and this time it did not fall. It slowly went up and reached the top. And so it continued until it had spun the most beautiful web. That day Bruce learnt a lesson from the spider. He decided he would not give up and would keep fighting till his army had won the war against the enemy.
